

SAMARITAN FUND PROGRAM

Centenary College of Louisiana is excited to announce its new partnership with the Samaritan Fund Program. This program supports those who have serious medical conditions or high-cost medications that may be financially difficult, even with insurance in place.

The Samaritan Fund Program is designed for you.

The help you need, when you need it.

A serious medical diagnosis brings worry and anxiety. Unfortunately, much of that anxiety stems from the high cost of quality medical care. Even the best medical insurance plans don't cover every drug or every procedure. This leaves many looking for other ways to cover their care. We lift the financial burden of medical costs while you navigate a difficult journey. If you qualify, you will receive funds for out-of-pocket medical expenses and the peace of mind to heal.

- Simple Qualification - A representative guides you through the steps to see if you qualify. The information you share with us is kept secure.
- Effortless Onboarding - Your representative will set you up, and you're on your way before you know it.
- Streamlined Maintenance – You will be provided with a pre-loaded Samaritan Fund Program debit card with the funds specific to your program. This debit card allows you to pay for qualified medical expenses and prescriptions. There is also a Samaritan Fund mobile app that is available 24/7 to check balances and pull important documents.
- Comprehensive Support - Your devoted representative is available to support your health.

If accepted, you will get an individual health insurance plan combined with financial assistance that will leave you with little to no out-of-pocket costs for insurance premiums or care. If not accepted, you will have the option to elect the college's medical plan at open enrollment for the upcoming plan year.

Please direct any questions on this program to our insurance broker Leigh Branyon with March McLennan by phone at (214) 538-9624 or via email at Leigh.Branyon@MarshMMA.com

How it Works

- Complete a HIPAA Authorization Form. This ensures that your information is kept confidential.
- A representative from the Samaritan Fund Program reaches out to discuss the program.
- If eligible, the representative helps you select an individual medical insurance plan that meets your needs. Once an acceptable plan is found, a formal application is submitted to participate in the Samaritan Fund Program.
- If the formal application is accepted, the representative helps you obtain your new insurance plan and sets up the Samaritan Fund Program to take care of the expenses associated with your medical care.
- The program will be reassessed annually for eligibility.
- Be at peace and heal.

Frequently Asked Questions

When do I need to apply by?

November 6th

Am I eligible to apply?

Anyone who participates in the college's existing medical plan is eligible to apply. The Samaritan Fund Program team will evaluate eligibility for the program once the HIPAA Authorization Form is submitted.

I have a question. Who should I contact?

Please contact our insurance broker Leigh Branyon with March McLennan by phone at (214) 538-9624 or via email at Leigh.Branyon@MarshMMA.com
